## Nite Ize Introduces SlideLock Carabiner

**BOULDER, CO** (January 1st, 2014) — Nite Ize Inc., a leading manufacturer of innovative accessories, introduces the SlideLock Carabiner in both Size #2 and #4. Nite Ize believes that no product is too small or basic to be improved.

Exhibit A: the classic utility carabiner. They took a hard look at this ubiquitous device and saw two good opportunities to make it more efficient. They designed an innovative slide-to-lock feature that securely closes the gate with a simple push and slide movement, and unlocks when you want it to just as easily. Then, instead of a bulky tubular construction, they designed a cross sectioned, rectangular stainless steel body that's durable, low profile, and slim; it feeds more easily through smaller openings and rests flat in pockets. Available in two sizes: #4 (perfect for attaching to a belt loop or backpack to carry larger items.) and #2 (for carrying smaller items like keys, and attaching to zipper pulls).

- Durable Stainless Steel Locking Utility Carabiner
- Secure stainless steel wire gate with a slide-to-lock feature
- Available in Size #2 and Size #4
- Available colors: Black & Stainless
